

DRAFT Digital Health Experience and Product Delivery Product Operating Model

October 2024

VA

U.S. Department of Veterans Affairs
Veterans Health Administration
Digital Health Office

How DHxp supports DHO

DHO's vision is to set the gold standard for Veterans healthcare through trusted, high-quality and accessible digital health solutions.

DHxp's job is to set the foundation to enable DHO to reach and maintain that gold standard. We coordinate the VHA digital health strategy, research and design, prioritization of resources, and supporting architectures.

DHO's mission is to deliver modern, innovative, and human-centered digital health solutions to create outstanding healthcare experiences for Veterans and their care teams.

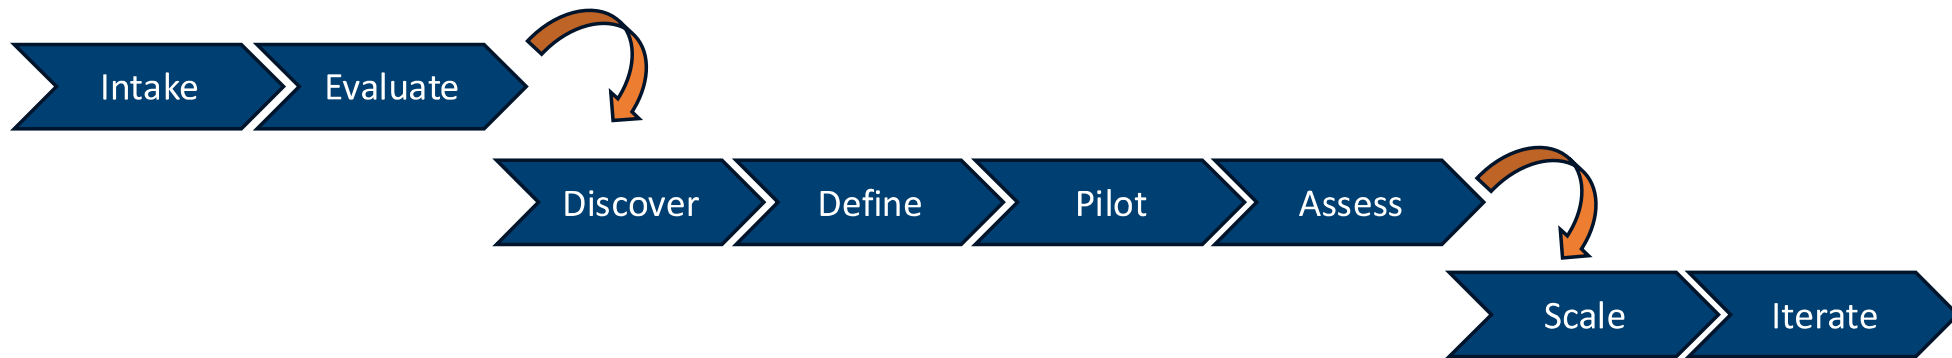

DHxp's job is to create communities of practice that promote and guide agile and outcome-based portfolio management and provide expertise from piloting initiatives to scaling enterprise wide products and services.

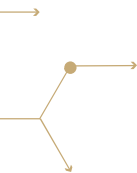

DHxp Workstreams

Creating **strategic alignment** across DHO so that we can **accomplish great things, sleep well at night and enjoy coming to work.**

Workstream	Description	Upcoming High Priority Initiatives
Portfolio Integration and Strategy	Build one integrated view across DHO products to inform strategy.	• Product Catalog • DHO Thematic Roadmap • Research Landscape
Standards Governance / Operating Model	Build a new operating model that sets the gold standard for quality across product portfolio.	• Product Operating Model • Research Practice • Lunch n' Learns
Applied Expertise / Methods	Provide embedded/deployed support on projects to model new ways of working.	• Kiosks Discovery Sprint • Ambient Scribe Pilot • AI Summit

WORKING DRAFT – Pre-Decisional, Deliberative Document

Details....

Define High Level Product Operating Model:

- What Journeys/journey areas will DHO begin with new ways of working.
- What are the key milestones for next 30, 60, 90 days - 6 months.
- Metrics – what are the goals we will use to measure progress
- Creation of a playbook for how to move into new ways of working; gather feedback and cascade

Build Backlog inclusive of existing work mapped to journey areas :

- What moves into new ways of working, what will remain the same

Product Catalog:

- What is the current DHO inventory of Products

Strategic Initiatives Inventory:

- What is the current DHO inventory of Initiatives

DHO Governance

- ELT/CLT senior leaders consistent check-in on metrics, strategic initiatives – start in Q1 (November); dedicate resources
- PIRC
- DHO Operating Plan: VA has their strategic plan that cascades into the administrations (VHA, VBA,...) operating plans and then principal offices within VHA (ie. DHO) create operating plans that feeds into the strategic plans. Program Offices (ie. OCC, OHI) support development.
