Blueprint Example

SERVICE BLUEPRINT

Beneficiary Travel: VA facility appointment eCheck-in travel claim

A Veteran files for round trip mileage-only travel reimbursement via eCheck-in or VA.gov before their scheduled appointment at a VA facility.

Note: This is specific to VistA facilities and clinics that have Patient Check In (PCI) enabled.

HOW TO READ THIS BLUEPRINT

Frontstage
Indicates the Claimant-facing actions of the service experience

Line of interaction
The space where Claimant interaction with the service occurs

Backstage
Indicates the behind-the-scenes actions invisible to the Claimant

Line of visibility
The boundary where actions are not visible to the Claimant

A single round bullet indicates a moment where action happens

A triangle warning sign indicates a challenge or pain point

A dark green rectangle signifies a sub-process that is owned by entities outside of beneficiary travel

A round lightbulb indicates an opportunity to improve the experience

SUB-PROCESSES AND RELATED EXPERIENCES
